

LISD Family,

It is with great appreciation that I announce that I have accepted the position of Deputy Executive Director for the Texas Association of School Boards (TASB).

During the past three years, it has been my honor to serve you as Leander ISD superintendent of schools. We have accomplished much together including outstanding student and school achievements that have resulted in multiple state and national championships, the development of a districtwide leadership program, the initiation of a Program Advisory Committee to develop new opportunities for children, the passage of a \$454 million bond package, and the use of data-driven decisions to improve the individual performance of each student.

I am a passionate advocate for Texas public schools. By accepting the Deputy Executive Director position at TASB, I have the opportunity to impact students at a statewide level. TASB is a nonprofit association serving local Texas school boards, representing more than 5.3 million public school students.

The state of Leander ISD is strong and will remain so with your continued dedication to the welfare of each and every child. I wish you all the best!

Sincerely,

Dan Troxell, Ph.D.
