***Source: PearsonAccess May 2014.** Data reflects both first and second administrations at grades 5 and 8. Scores for students, who tested on an above grade level math test, are attributed to the grade level/test taken; not the enrolled grade level. Scores for 6th-8th grade students, who were enrolled in Algebra I, are not included in the information. Note: Light green shading indicates an increase in the passing rate over prior year; light red shading indicates a decrease in the passing rate relative to prior year. Absence of color indicates no change from the previous year.
