HIPAA Special Enrollment Notice

If you decline enrollment in Leander ISD’s medical plans for you or your dependents (including your spouse) because of other health insurance or group health plan coverage, you or your dependents may be able to enroll without waiting for the next open enrollment period if you:

- Lose other health insurance or group health plan coverage. You must request enrollment within 30 days after the loss of other coverage.
- Gain a new dependent as a result of marriage, birth, adoption, or placement for adoption. You must request medical plan enrollment within 30 days after the marriage, birth adoption, or placement for adoption.
- Lose Medicaid or Children’s Health Insurance Program (CHIP) coverage because you are no longer eligible. You must request medical plan enrollment within *60 days* after the loss of such coverage.

If you request a change due to a special enrollment event within the 30 day timeframe, coverage will be effective the date of birth, adoption or placement for adoption. For all other events, coverage will be effective the first of the month following your request for enrollment. In addition, you may enroll in Leander ISD’s medical plans if you become eligible for a state premium assistance program under Medicaid or CHIP. You must request enrollment within *60 days* after you gain eligibility for medical plan coverage. If you request this change, coverage will be effective the first of the month following your request for enrollment. Specific restrictions may apply, depending on federal and state law.

Note: If your dependent becomes eligible for a special enrollment rights, you may add the dependent to your current coverage. To request special enrollment or obtain more information, contact your Human Resources Department.

Newborns’ and Mothers’ Health Protection Act Notice

Group health plans and health insurance issuers generally may not, under federal law, restrict benefits for any hospital length of stay in connection with childbirth for the mother or newborn child to less than 48 hours following a vaginal delivery, or less than 96 hours following a cesarean section. However, Federal law generally does not prohibit the mother’s or newborn’s attending provider, after consulting with the mother, from discharging the mother or her newborn earlier than 48 hours (or 96 hours as applicable). In any case, plans and issuers may not, under federal law, require that a provider obtain authorization from the plan or the insurance issuer for prescribing a length of stay not in excess of 48 hours (or 96 hours).

Women’s Health & Cancer Rights Notice

As required by the Women’s Health and Cancer Rights Act of 1998 (WHCRA), this medical plan provides coverage for:

- All stages of reconstruction of the breast of which the mastectomy was performed;
- Surgery and reconstruction of the other breast to produce a symmetrical appearance;
- Prostheses and physical complications of mastectomy, including lymphedemas, in a manner determined

in consultation with the attending physician and the patient.

These benefits will be provided subject to the same deductibles and coinsurance applicable to other medical and surgical benefits provided under this plan. If you would like more information of WHCRA benefits, call your plan administrator.

Choice of Healthcare Provider

If the group health plan in which you are enrolled requires the designation of a primary care provider, you have the right to designate any participating primary care provider who is available to accept you or your family members. For children, you may designate a pediatrician as the primary care provider. For information on how to select a primary care provider and for a list of participating primary care providers, contact the Plan Administrator. You do not need prior authorization from the group health plan or from any other person, including your primary care provider, in order to obtain access to obstetrical or gynecological care from a health care professional in our network who specializes in obstetrics or gynecology; however, you may be required to comply with certain procedures, including obtaining prior authorization for certain services, following a pre-approved treatment plan, or procedures for making referrals. For a list of participating health care professionals who specialize in obstetrics or gynecology, contact Human Resources.

Notice of Mental Health Parity Opt-out

Under a Federal law known as the Health Insurance Portability and Accountability Act of 1996 (HIPAA), Public Law 104-191, as amended, group health plans must generally comply with the requirements listed below. However, the law also permits state and local governmental employers that sponsor health plans to elect to exempt a plan from these requirements for any part of the plan that is “self-funded” by Leander ISD, rather than provided through a health insurance policy. Leander ISD has elected to exempt the Leander ISD Health Plan from the following requirements:

Parity in the application of certain limits to mental health benefits. Group health plans (of employers that employ more than 50 employees) offering mental health benefits may not set annual or lifetime dollar limits on mental health benefits that are lower than limits for medical and surgical benefits. A plan that does not impose an annual or lifetime dollar amount limit on medical and surgical benefits may not impose that type of limit on mental health benefits. These requirements do not apply to benefits for substance abuse or chemical dependency.

The exemption from these Federal requirements will be in effect for the 2019 plan year beginning January 1, 2019 and ending December 31, 2019. The election may be renewed for subsequent plan years.

USERRA Continuation

Your right to continued participation in a group health plan during leaves of absence for active military duty is protected by the Uniformed Services Employment and Reemployment Rights Act (USERRA). Accordingly, if you are absent from work due to a period of active duty in the military for less than 31 days, your plan participation will not be interrupted. If the absence is for more than 31 days and not more than 12 weeks, you may continue to maintain your coverage under a group health plan by paying premiums in the manner specified by the Plan Sponsor.

If you do not elect to continue to participate in a group health plan during an absence for military duty that is more than 31 days, or if you revoke a prior election to continue to participate for up to 12 weeks after your military leave began, you and your covered family members will have the opportunity to elect COBRA continuation coverage under a group health plan for up to the 24-month period that begins on the first day of your leave of absence. You must pay the premiums for continuation coverage with after-tax funds, subject to the rules that are set out in the applicable Plan features.

USERRA continuation coverage is considered alternative coverage for purposes of COBRA. Therefore, if you elect USERRA continuation coverage, COBRA coverage will generally not be available.

Genetic Information Nondiscrimination Act (GINA)

GINA prohibits group health plans from discriminating on the basis of genetic information. Genetic information is:

1. Information about an individual's genetic tests;
2. Genetic tests of an individual's family members; and
3. The manifestation of a disease or disorder of an individual's family members.

The group health plan may collect genetic information after initial enrollment, it may not do so in connection with the annual renewal process. The group health plan may not adjust premiums or increase contributions based on genetic information, nor request or require genetic testing or use genetic information for underwriting purposes.

Family Medical Leave Act

The Family and Medical Leave Act (FMLA) provides certain employees with up to 12 weeks of unpaid, job-protected leave per year. It also requires that their group health benefits be maintained during the leave.

FMLA is designed to help employees balance their work and family responsibilities by allowing them to take reasonable unpaid leave for certain family and medical reasons. It also seeks to accommodate the legitimate interests of employers and promote equal employment opportunity for men and women.

Covered employers must provide an eligible employee with up to 12 weeks of unpaid leave each year for any of the following reasons:

- for the birth and care of the newborn child of an employee;
- for placement with the employee of a child for adoption or foster care;
- to care for an immediate family member (spouse, child, or parent) with a serious health condition; or
- to take medical leave when the employee is unable to work because of a serious health condition.

Employees are eligible for leave if they have worked for their employer at least 12 months, at least 1,250 hours over the past 12 months, and work at a location where the company employs 50 or more employees within 75 miles. Whether an employee has worked the minimum 1,250 hours of service is determined according to FLSA principles for determining compensable hours or work.

When an employee requests FMLA leave due to his or her own serious health condition or a covered family member's serious health condition, the employer may require certification in support of the leave from a health care provider. An employer may also require second or third medical opinions (at the employer's expense) and periodic recertification of a serious health condition.

Upon return from FMLA leave, an employee will be restored to his or her original job or to an equivalent job with equivalent pay, benefits, and other terms and conditions of employment. Group health insurance coverage for an employee on FMLA leave is maintained under the same terms and conditions as if the employee had not taken leave.

For additional information regarding your benefits under FMLA, please contact Human Resources.

HIPAA Privacy Notice

Please carefully review this notice. It describes how medical information about you may be used and disclosed and how you can get access to this information.

The Health Insurance Portability and Accountability Act of 1996 (HIPAA) imposes numerous requirements on the use and disclosure of individual health information by employer health plans. This information, known as protected health information, includes almost all individually identifiable health information held by a plan – whether received in writing, in an electronic medium, or as an oral communication. This notice describes the privacy practices of these plans of Leander ISD. The plans covered by this notice may share health information with each other to carry out treatment, payment, or health care operations. These plans are collectively referred to as the Plan in this notice, unless specified otherwise.

The Plan’s duties with respect to health information about you:

The Plan is required by law to maintain the privacy of your health information and to provide you with this notice of the Plan’s legal duties and privacy practices with respect to your health information. If you participate in an insured plan or HMO option, you will receive a notice directly from the Insurer or HMO. It’s important to note that these rules apply to the Plan, not Leander ISD’s as an employer – that’s the way the HIPAA rules work. Different policies may apply to other Leander ISD programs or to data unrelated to the Plan.

How the Plan may use or disclose your health information:

The privacy rules generally allow the use and disclosure of your health information without your permission (known as an authorization) for purposes of health care treatment, payment activities, and health care operations. Here are some examples of what that might entail:

- **Treatment** includes providing, coordinating, or managing health care by one or more health care providers or doctors. Treatment can also include coordination or management of care between a provider and a third party, and consultation and referrals between providers. For example, the Plan may share your health information with physicians who are treating you.
- **Payment** includes activities by this Plan, other plans, or providers to obtain premiums, make coverage determinations, and provide reimbursement for health care. This can include eligibility determinations, reviewing services for medical necessity or appropriateness, utilization management activities, claims management, and billing; as well as “behind the scenes” plan functions such as risk adjustment, collection, or reinsurance. For example, the Plan may share information about your coverage or the expenses you have incurred with another health plan in order to coordinate payment of benefits.
- **Health care operations** include activities by this Plan (and in limited circumstances other plans or providers) such as wellness and risk assessment programs, quality assessment and improvement activities, customer service, and internal grievance resolution. Health care operations also include vendor evaluations, credentialing, training, accreditation activities, underwriting, premium rating, arranging for medical review and audit activities, and

business planning and development. For example, the Plan may use information about your claims to audit the third parties that approve payment for Plan benefits.

The amount of health information used, disclosed or requested will be limited and, when needed, restricted to the minimum necessary to accomplish the intended purposes, as defined under the HIPAA rules. If the Plan uses or discloses PHI for underwriting purposes, the Plan will not use or disclose PHI that is your genetic information for such purposes. The Plan may contact you to provide appointment reminders or information about treatment alternatives or other health-related benefits and services that may be of interest to you, as permitted by law.

How the Plan may share your health information with Leander ISD:

The Plan, or its health insurer or HMO, may disclose your health information without your written authorization to Leander ISD for plan administration purposes. Leander ISD may need your health information to administer benefits under the Plan. Leander ISD agrees not to use or disclose your health information other than as permitted or required by the Plan documents and by law. The benefits staff of Leander ISD are the only employees who will have access to your health information for plan administration functions.

Here’s how additional information may be shared between the Plan and Leander ISD, as allowed under the HIPAA rules:

The Plan, or its insurer or HMO, may disclose “summary health information” to Leander ISD if requested, for purposes of obtaining premium bids to provide coverage under the Plan, or for modifying, amending, or terminating the Plan. Summary health information is information that summarizes participants’ claims information, from which names and other identifying information have been removed.

The Plan, or its insurer or HMO, may disclose to Leander ISD information on whether an individual is participating in the Plan or has enrolled or disenrolled in an insurance option or HMO offered by the Plan. In addition, you should know that Leander ISD cannot and will not use health information obtained from the Plan for any employment-related actions. However, health information collected by Leander ISD from other sources, for example under the Family and Medical Leave Act, Americans with Disabilities Act, or workers’ compensation is *not* protected under HIPAA (although this type of information may be protected under other federal or state laws).

Other allowable uses or disclosures of your health information:

In certain cases, your health information can be disclosed without authorization to a family member, close friend, or other person you identify who is involved in your care or payment for your care. Information about your location, general condition, or death may be provided to a similar person (or to a public or private entity authorized to assist in disaster relief efforts). You’ll generally be given the chance to agree or object to these disclosures (although exceptions may be made – for example, if you’re not present or if you’re incapacitated). In addition, your health information may be disclosed without authorization to your legal representative.

The Plan also is allowed to use or disclose your health information without your written authorization for the following activities:

Workers’ compensation	Disclosures to workers’ compensation or similar legal programs that provide benefits for work-related injuries or illness without regard to fault, as authorized by and necessary to comply with the laws
Necessary to prevent serious threat to health or safety	Disclosures made in the good-faith belief that releasing your health information is necessary to prevent or lessen a serious and imminent threat to public or personal health or safety, if made to someone reasonably able to prevent or lessen the threat (or to the target of the threat); includes disclosures to help law enforcement officials identify or apprehend an individual who has admitted participation in a violent crime that the Plan reasonably believes may have caused serious physical harm to a victim, or where it appears the individual has escaped from prison or from lawful custody

Public health activities	Disclosures authorized by law to persons who may be at risk of contracting or spreading a disease or condition; disclosures to public health authorities to prevent or control disease or report child abuse or neglect; and disclosures to the Food and Drug Administration to collect or report adverse events or product defects
Victims of abuse, neglect, or domestic violence	Disclosures to government authorities, including social services or protected services agencies authorized by law to receive reports of abuse, neglect, or domestic violence, as required by law or if you agree or the Plan believes that disclosure is necessary to prevent serious harm to you or potential victims (you'll be notified of the Plan's disclosure if informing you won't put you at further risk)
Judicial and administrative proceedings	Disclosures in response to a court or administrative order, subpoena, discovery request, or other lawful process (the Plan may be required to notify you of the request or receive satisfactory assurance from the party seeking your health information that efforts were made to notify you or to obtain a qualified protective order concerning the information)
Law enforcement purposes	Disclosures to law enforcement officials required by law or legal process, or to identify a suspect, fugitive, witness, or missing person; disclosures about a crime victim if you agree or if disclosure is necessary for immediate law enforcement activity; disclosure about a death that may have resulted from criminal conduct; and disclosure to provide evidence of criminal conduct on the Plan's premises
Decedents	Disclosures to a coroner or medical examiner to identify the deceased or determine cause of death; and to funeral directors to carry out their duties
Organ, eye, or tissue donation	Disclosures to organ procurement organizations or other entities to facilitate organ, eye, or tissue donation and transplantation after death
Research purposes	Disclosures subject to approval by institutional or private privacy review boards, subject to certain assurances and representations by researchers about the necessity of using your health information and the treatment of the information during a research project
Health oversight activities	Disclosures to health agencies for activities authorized by law (audits, inspections, investigations, or licensing actions) for oversight of the health care system, government benefits programs for which health information is relevant to beneficiary eligibility, and compliance with regulatory programs or civil rights laws
Specialized government functions	Disclosures about individuals who are Armed Forces personnel or foreign military personnel under appropriate military command; disclosures to authorized federal officials for national security or intelligence activities; and disclosures to correctional facilities or custodial law enforcement officials about inmates
HHS investigations	Disclosures of your health information to the Department of Health and Human Services to investigate or determine the Plan's compliance with the HIPAA privacy rule

Except as described in this notice, other uses and disclosures will be made only with your written authorization. You may revoke your authorization as allowed under the HIPAA rules. However, you can't revoke your authorization with respect to disclosures the Plan has already made. You will be notified of any unauthorized access, use or disclosure of your unsecured health information as required by law.

The Plan will notify you if it becomes aware that there has been a loss of your health information in a manner that could compromise the privacy of your health information.

Your individual rights:

You have the following rights with respect to your health information the Plan maintains. These rights are subject to certain limitations, as discussed below. This section of the notice describes how you may exercise each individual right. See the table at the end of this notice for information on how to submit requests.

Right to request restrictions on certain uses and disclosures of your health information and the Plan's right to refuse:

You have the right to ask the Plan to restrict the use and disclosure of your health information for treatment, payment, or health care operations, except for uses or disclosures required by law. You have the right to ask the Plan to restrict the use

and disclosure of your health information to family members, close friends, or other persons you identify as being involved in your care or payment for your care. You also have the right to ask the Plan to restrict use and disclosure of health information to notify those persons of your location, general condition, or death – or to coordinate those efforts with entities assisting in disaster relief efforts. If you want to exercise this right, your request to the Plan must be in writing.

The Plan is not required to agree to a requested restriction. If the Plan does agree, a restriction may later be terminated by your written request, by agreement between you and the Plan (including an oral agreement), or unilaterally by the Plan for health information created or received after you're notified that the Plan has removed the restrictions. The Plan may also disclose health information about you if you need emergency treatment, even if the Plan has agreed to a restriction.

An entity covered by these HIPAA rules (such as your health care provider) or its business associate must comply with your request that health information regarding a specific health care item or service not be disclosed to the Plan for purposes of payment or health care operations if you have paid out of pocket and in full for the item or service.

Right to receive confidential communications of your health information:

If you think that disclosure of your health information by the usual means could endanger you in some way, the Plan will accommodate reasonable requests to receive communications of health information from the Plan by alternative means or at alternative locations. If you want to exercise this right, your request to the Plan must be in writing and you must include a statement that disclosure of all or part of the information could endanger you.

Right to inspect and copy your health information:

With certain exceptions, you have the right to inspect or obtain a copy of your health information in a “designated record set.” This may include medical and billing records maintained for a health care provider; enrollment, payment, claims adjudication, and case or medical management record systems maintained by a plan; or a group of records the Plan uses to make decisions about individuals. However, you do not have a right to inspect or obtain copies of psychotherapy notes or information compiled for civil, criminal, or administrative proceedings. The Plan may deny your right to access, although in certain circumstances you may request a review of the denial.

If you want to exercise this right, your request to the Plan must be in writing. Within 30 days of receipt of your request (60 days if the health information is not accessible onsite), the Plan will provide you with:
the access or copies you requested;

- a written denial that explains why your request was denied and any rights you may have to have the denial reviewed or file a complaint; or
- a written statement that the time period for reviewing your request will be extended for no more than 30 more days, along with the reasons for the delay and the date by which the Plan expects to address your request.

You may also request your health information be sent to another entity or person, so long as that request is clear, conspicuous and specific. The Plan may provide you with a summary or explanation of the information instead of access to or copies of your health information, if you agree in advance and pay any applicable fees. The Plan also may charge reasonable fees for copies or postage. If the Plan doesn't maintain the health information but knows where it is maintained, you will be informed of where to direct your request.

If the Plan keeps your records in an electronic format, you may request an electronic copy of your health information in a form and format readily producible by the Plan. You may also request that such electronic health information be sent to another entity or person, so long as that request is clear, conspicuous and specific. Any charge that is assessed to you for these copies, if any, must be reasonable and based on the Plan's cost.

Right to amend your health information that is inaccurate or incomplete:

With certain exceptions, you have a right to request that the Plan amend your health information in a designated record set. The Plan may deny your request for a number of reasons. For example, your request may be denied if the health information is accurate and complete, was not created by the Plan (unless the person or entity that created the information is no longer available), is not part of the designated record set, or is not available for inspection (e.g., psychotherapy notes or information compiled for civil, criminal, or administrative proceedings).

If you want to exercise this right, your request to the Plan must be in writing, and you must include a statement to support the requested amendment. Within 60 days of receipt of your request, the Plan will:

- make the amendment as requested;
- provide a written denial that explains why your request was denied and any rights you may have to disagree or file a complaint; or
- provide a written statement that the time period for reviewing your request will be extended for no more than 30 more days, along with the reasons for the delay and the date by which the Plan expects to address your request.

Right to receive an accounting of disclosures of your health information:

You have the right to a list of certain disclosures of your health information the Plan has made. This is often referred to as an “accounting of disclosures.” You generally may receive this accounting if the disclosure is required by law, in connection with public health activities, or in similar situations listed in the table earlier in this notice, unless otherwise indicated below.

You may receive information on disclosures of your health information for up to six years before the date of your request. You do not have a right to receive an accounting of any disclosures made:

- for treatment, payment, or health care operations;
- to you about your own health information;
- incidental to other permitted or required disclosures;
- where authorization was provided;
- to family members or friends involved in your care (where disclosure is permitted without authorization);
- for national security or intelligence purposes or to correctional institutions or law enforcement officials in certain circumstances; or
- as part of a “limited data set” (health information that excludes certain identifying information).

In addition, your right to an accounting of disclosures to a health oversight agency or law enforcement official may be suspended at the request of the agency or official.

If you want to exercise this right, your request to the Plan must be in writing. Within 60 days of the request, the Plan will provide you with the list of disclosures or a written statement that the time period for providing this list will be extended for no more than 30 more days, along with the reasons for the delay and the date by which the Plan expects to address your request. You may make one request in any 12-month period at no cost to you, but the Plan may charge a fee for subsequent requests. You’ll be notified of the fee in advance and have the opportunity to change or revoke your request.

Right to obtain a paper copy of this notice from the Plan upon request:

You have the right to obtain a paper copy of this privacy notice upon request. Even individuals who agreed to receive this notice electronically may request a paper copy at any time.

Changes to the information in this notice:

The Plan must abide by the terms of the privacy notice currently in effect. This notice takes effect on January 1, 2015. However, the Plan reserves the right to change the terms of its privacy policies, as described in this notice, at any time and to make new provisions effective for all health information that the Plan maintains. This includes health information that was previously created or received, not just health information created or received after the policy is changed. If changes are made to the Plan’s privacy policies described in this notice, you will be provided with a revised privacy notice.

Complaints:

If you believe your privacy rights have been violated or your Plan has not followed its legal obligations under HIPAA, you may complain to the Plan and to the Secretary of Health and Human Services. You won’t be retaliated against for filing a complaint. To file a complaint, contact the Benefits Department or go to www.hhs.gov for information.

Contact:

For more information on the Plan’s privacy policies or your rights under HIPAA, contact Human Resources.

**Premium Assistance Under
Medicaid and the Children’s Health Insurance Program (CHIP)**

If you or your children are eligible for Medicaid or CHIP and you’re eligible for health coverage from your employer, your state may have a premium assistance program that can help pay for coverage, using funds from their Medicaid or CHIP programs. If you or your children aren’t eligible for Medicaid or CHIP, you won’t be eligible for these premium assistance programs but you may be able to buy individual insurance coverage through the Health Insurance Marketplace. For more information, visit www.healthcare.gov.

If you or your dependents are already enrolled in Medicaid or CHIP and you live in a State listed below, contact your State Medicaid or CHIP office to find out if premium assistance is available.

If you or your dependents are NOT currently enrolled in Medicaid or CHIP, and you think you or any of your dependents might be eligible for either of these programs, contact your State Medicaid or CHIP office or dial **1-877-KIDS NOW** or www.insurekidsnow.gov to find out how to apply. If you qualify, ask your state if it has a program that might help you pay the premiums for an employer-sponsored plan.

If you or your dependents are eligible for premium assistance under Medicaid or CHIP, as well as eligible under your employer plan, your employer must allow you to enroll in your employer plan if you aren’t already enrolled. This is called a “special enrollment” opportunity, and **you must request coverage within 60 days of being determined eligible for premium assistance**. If you have questions about enrolling in your employer plan, contact the Department of Labor at www.askebsa.dol.gov or call **1-866-444-EBSA (3272)**. **Contact your State for more information on eligibility –**

TEXAS – Medicaid
Website: https://www.gethipptexas.com/
Phone: 1-800-440-0493

If you live in one of the following states, you may be eligible for assistance paying your employer health plan premiums. The following list of states is current as of July 31, 2018. Contact your State for more information on eligibility –

To see if any other states have added a premium assistance program since July 31, 2018, or for more information on special enrollment rights, contact either:

U.S. Department of Labor
Employee Benefits Security Administration
www.dol.gov/agencies/ebsa
1-866-444-EBSA (3272)

U.S. Department of Health and Human Services
Centers for Medicare & Medicaid Services

Paperwork Reduction Act Statement

According to the Paperwork Reduction Act of 1995 (Pub. L. 104-13) (PRA), no persons are required to respond to a collection of information unless such collection displays a valid Office of Management and Budget (OMB) control number. The Department notes that a Federal agency cannot conduct or sponsor a collection of information unless it is approved by OMB under the PRA, and displays a currently valid OMB control number, and the public is not required to respond to a collection of information unless it displays a currently valid OMB control number. See 44 U.S.C. 3507. Also, notwithstanding any other provisions of law, no person shall be subject to penalty for failing to comply with a collection of information if the collection of information does not display a currently valid OMB control number. See 44 U.S.C. 3512.

The public reporting burden for this collection of information is estimated to average approximately seven minutes per respondent. Your employment ends for any reason other than your gross misconduct.

Notice of COBRA Continuation Coverage Rights Introduction

You are receiving this notice because you have recently become covered under the Leander ISD group health plan. This notice contains important information about your right to COBRA continuation coverage, which is a temporary extension of coverage under the Plan. This notice generally explains COBRA continuation coverage, when it may become available to you and your family, and what you need to do to protect the right to receive it. The right to COBRA continuation coverage was created by a federal law, the Consolidated Omnibus Budget Reconciliation Act of 1985 (COBRA). COBRA continuation coverage may be available to you when you would otherwise lose your group health coverage. It can also become available to other members of your family who are covered under the Plan when they would otherwise lose their group health coverage. For additional information about your rights and obligations under the Plan and under federal law, you should review the Plan's Summary Plan Description or contact the Plan Administrator.

What is COBRA Continuation Coverage? COBRA continuation coverage is a continuation of Plan coverage when coverage would otherwise end because of a life event known as a "qualifying event." Specific qualifying events are listed later in this notice. After a qualifying event, COBRA continuation coverage must be offered to each person who is a "qualified beneficiary." You, your spouse, and your dependent children could become qualified beneficiaries if coverage under the Plan is lost because of the qualifying event. Under the Plan, qualified beneficiaries who elect COBRA continuation coverage must pay for COBRA continuation coverage. If you are an employee, you will become a qualified beneficiary if you lose your coverage under the Plan because either one of the following qualifying events happens:

- Your hours of employment are reduced; or
- Your employment ends for any reason other than your gross misconduct.

If you are the spouse of an employee, you will become a qualified beneficiary if you lose your coverage under the Plan because any of the following qualifying events happens:

- Your spouse dies; x Your spouse's hours of employment are reduced;

- Your spouse’s employment ends for any reason other than his or her gross misconduct;
- Your spouse becomes enrolled in Medicare benefits (under Part A, Part B, or both); or
- You become divorced or legally separated from your spouse.

Your dependent children will become qualified beneficiaries if they will lose coverage under the Plan because any of the following qualifying events happens:

- The parent-employee dies;
- The parent-employee’s hours of employment are reduced;
- The parent-employee’s employment ends for any reason other than his or her gross misconduct;
- The parent-employee becomes enrolled in Medicare (Part A, Part B, or both);
- The parents become divorced or legally separated; or
- The child stops being eligible for coverage under the Plan as a “dependent child.”

When is COBRA Coverage Available?

The Plan will offer COBRA continuation coverage to qualified beneficiaries only after Leander ISD has been notified that a qualifying event has occurred. When the qualifying event is the end of employment or reduction of hours of employment, death of the employee, or the employee’s becoming entitled to Medicare benefits (under Part A, Part B, or both), the employer must notify the plan of the qualifying event.

You Must Give Notice of Some Qualifying Events

For the other qualifying events (divorce or legal separation of the employee and spouse or a dependent child’s losing eligibility for coverage as a dependent child), you must notify Leander ISD within 30 days after the qualifying event occurs.

How is COBRA Coverage Provided?

Once Leander ISD receives proper notice that a qualifying event has occurred, COBRA continuation coverage will be offered to each of the qualified beneficiaries. Each qualified beneficiary will have an independent right to elect COBRA continuation coverage. Covered employees may elect COBRA continuation coverage on behalf of their spouses, and parents may elect COBRA continuation coverage on behalf of their children. COBRA continuation coverage is a temporary continuation of coverage. When the qualifying event is the death of the employee, the employee’s becoming entitled to Medicare benefits (under Part A, Part B, or both), your divorce or legal separation, or a dependent child’s losing eligibility as a dependent child, COBRA continuation coverage lasts for up to 36 months.

When the qualifying event is the end of employment or reduction of the employee’s hours of employment, and the employee became entitled to Medicare benefits less than 18 months before the qualifying event, COBRA continuation coverage for qualified beneficiaries other than the employee lasts until 36 months after the date of Medicare entitlement. For example, if a covered employee becomes entitled to Medicare 8 months before the date on which his employment terminates, COBRA continuation coverage for his spouse and children can last up to 36 months after the date of Medicare entitlement, which is equal to 28 months after the date of the qualifying event. Otherwise, when the qualifying event is the end of employment or reduction of the employee’s hours of employment, COBRA continuation coverage generally lasts for only up to a total of 18 months.

Disability Extension of 18-Month Period of Continuation Coverage

If you or anyone in your family covered under the Plan is determined by the Social Security Administration to be disabled and you notify Leander ISD in a timely fashion, you and your entire family may be entitled to receive up to an additional 11 months of COBRA continuation coverage, for a total maximum of 29 months. The disability would have to have started at some time before the 60th day of COBRA continuation coverage and must last at least until the end of the 18-month period of continuation in coverage. Contact the COBRA Administrator for procedures for this notice, including a description of any required information or documentation.

If You Have Questions

Questions concerning your Plan or your COBRA continuation coverage rights should be addressed to the National Benefit Services, LLC 8523 South Redwood Road West Jordan, UT 84084 or by calling them at (801) 532-4000. For more information about your rights under COBRA, contact the nearest Regional or District Office of the U.S. Department of Labor’s Employee Benefits Security Administration (EBSA) in your area or visit the EBSA website at www.dol.gov/ebsa.

Important Notice from Leander ISD About Your Prescription Drug Coverage and Medicare

Please read this notice carefully and keep it where you can find it. This notice has information about your current prescription drug coverage with Leander ISD and about your options under Medicare's prescription drug coverage. This information can help you decide whether or not you want to join a Medicare drug plan. If you are considering joining, you should compare your current coverage, including which drugs are covered at what cost, with the coverage and costs of the plans offering Medicare prescription drug coverage in your area. Information about where you can get help to make decisions about your prescription drug coverage is at the end of this notice.

There are two important things you need to know about your current coverage and Medicare's prescription drug coverage:

1. Medicare prescription drug coverage became available in 2006 to everyone with Medicare. You can get this coverage if you join a Medicare Prescription Drug Plan or join a Medicare Advantage Plan (like an HMO or PPO) that offers prescription drug coverage. All Medicare drug plans provide at least a standard level of coverage set by Medicare. Some plans may also offer more coverage for a higher monthly premium.
2. Leander ISD has determined that the prescription drug coverage offered by the BCBS Health Plan is, on average for all plan participants, expected to pay out as much as standard Medicare prescription drug coverage pays and is therefore considered Creditable Coverage. Because your existing coverage is Creditable Coverage, you can keep this coverage and not pay a higher premium (a penalty) if you later decide to join a Medicare drug plan.

When Can You Join A Medicare Drug Plan?

You can join a Medicare drug plan when you first become eligible for Medicare and each year from October 15th through December 7th.

However, if you lose your current creditable prescription drug coverage, through no fault of your own, you will also be eligible for a two (2) month Special Enrollment Period (SEP) to join a Medicare drug plan.

What Happens To Your Current Coverage If You Decide to Join A Medicare Drug Plan?

If you decide to join a Medicare drug plan, your current Leander ISD coverage **MAY** be affected. If you decide to join a Medicare drug plan, your current BCBS Health Plan coverage may be affected by the coordination of benefits provision in the BCBS Health Plan. If you choose to drop BCBS Health Plan coverage to join a Medicare drug plan, you may be able to get this plan back. However the Leander ISD drug plan is included in the Leander ISD group health plan and is not available as a separate benefit.

If you do decide to join a Medicare drug plan and drop your current Leander ISD coverage, be aware that you and your dependents **MAY** be able to get this coverage back.

When Will You Pay A Higher Premium (Penalty) To Join A Medicare Drug Plan?

You should also know that if you drop or lose your current coverage with Leander ISD and don't join a Medicare drug plan within 63 continuous days after your current coverage ends, you may pay a higher premium (a penalty) to join a Medicare drug plan later.

If you go 63 continuous days or longer without creditable prescription drug coverage, your monthly premium may go up by at least 1% of the Medicare base beneficiary premium per month for every month that you did not have that coverage. For example, if you go nineteen months without creditable coverage, your premium may consistently be at least 19% higher than the Medicare base beneficiary premium. You may have to pay this higher premium (a penalty) as long as you have Medicare prescription drug coverage. In addition, you may have to wait until the following October to join.

For More Information About This Notice Or Your Current Prescription Drug Coverage...

Contact the person listed below for further information Human Resources. **NOTE:** You'll get this notice each year. You will also get it before the next period you can join a Medicare drug plan, and if this coverage through Leander ISD changes. You also may request a copy of this notice at any time.

For More Information About Your Options Under Medicare Prescription Drug Coverage...

More detailed information about Medicare plans that offer prescription drug coverage is in the “Medicare & You” handbook. You’ll get a copy of the handbook in the mail every year from Medicare. You may also be contacted directly by Medicare drug plans.

For more information about Medicare prescription drug coverage:

- Visit www.medicare.gov
- Call your State Health Insurance Assistance Program (see the inside back cover of your copy of the “Medicare & You” handbook for their telephone number) for personalized help
- Call 1-800-MEDICARE (1-800-633-4227). TTY users should call 1-877-486-2048.

If you have limited income and resources, extra help paying for Medicare prescription drug coverage is available. For information about this extra help, visit Social Security on the web at www.socialsecurity.gov, or call them at 1-800-772-1213 (TTY 1-800-325-0778).

Remember: Keep this Creditable Coverage notice. If you decide to join one of the Medicare drug plans, you may be required to provide a copy of this notice when you join to show whether or not you have maintained creditable coverage and, therefore, whether or not you are required to pay a higher premium (a penalty).
